for Vaccine Safety— Report to VAERS

If one of your patients becomes ill after being vaccinated, promptly report it to the Vaccine Adverse Event Reporting System (VAERS), even if you are not sure that the vaccine caused the illness

As a healthcare provider, you can help to ensure the safety of vaccines given to patients in the United States by reporting adverse events to VAERS

- You may report to VAERS online or download and print a VAERS form at www.vaers.hhs.gov
